

NM DPP Collaborative Meeting

9.24.19 – Kalkaska Senior Center

Elaine Lober, Gretchen Stelter, Kim Chandler, Christy Rivette, Jim Harrington

Is NM DPP collab valuable and useful?

Yes it is.

Are there any additional resources/information that would be helpful?

Billing support

CDC recognition support

Are there opportunities we are missing (forming better communication between organizations re: DPP classes, for example)

Distance learning opportunities as a region

Working as a region to schedule classes and refer people

Lay educators or volunteers to teach DPP

What types of meetings would participants like to attend? (online/in-person)

Phone meetings are convenient but face to face are more beneficial

Coordinate and align with State meetings

Does our group have sufficient representation from groups, organizations in the community?

Suggestions:

COA

Mid Michigan

Tribal

Migrant population

Thunder Bay

Alcona Health Center

DHD#4

YMCA - Traverse, Petoskey, Cadillac

How does the DPP network intersect with NMDI or the statewide Network?

Can be confusing having multiple meetings - NMDPP, NMDI, State Network

NMDPP is helping to carry out the state initiatives in Northern Michigan

What's working well or not working for your agency?

Retention is good - MSUE

People don't fully understand what they are signing up for and then drop off, initial phone calls with participants are critical to ask the right questions - MMC

Develop list of standard pre-screening questions - barriers to participation

Common Ground list of readiness questions- include link
Send out readiness assessment before 0 session
Charging for program, cost, staff time commitment.

Recruiting participants:

COA sends out information - MSUE

Munson letters to prediabetes patients from DE

Facebook posts

There is no one place people can look for upcoming classes - NMDI to maintain a list of classes??

Doctor offices could query patients with prediabetes and share list of names with DPP provider to do mailing

In what way could this collaborative help your efforts?

Identify where there is a need for DPP classes

General Support

Dealing with issues, lessons learned

Funding opportunities - LIONS, HDNW

November 14th - Wellness Workshop screening through Lions Club

Christy - American Medical Association (AMA) will help educate providers and promote DPP to providers in the area, just need to have an organized group of physicians that they can speak to
