Discussion	Action
<p><u>Feedback from Presentation on the MDHHS Tobacco Program Strategic Plan</u></p> <p>Molly Cotant, Consultant for the MDHHS Tobacco Control Program, provided a presentation regarding statistics on tobacco use rates for disparate populations and best practices for reducing rates of tobacco use for those populations, particularly the low socio-economic populations which are prevalent in our CDP region.</p>	<p>The group was very interested in this information about tobacco use rates, especially in our rural counties. Some members would like to have copy of Molly's slide presentation. Action; For specific data on tobacco use rates for specific populations contact Molly Cotant at cotantm@michigan.gov</p> <p>Also for copies of her slide presentation contact Molly Cotant.</p> <p>Beth Langenburg reported that Spectrum Health Big Rapids will be sending a staff person to the DHD #10 TTS training in June.</p>
<p><u>Community Health Innovation Region (CHIR)</u></p> <p>Sarah Oleniczak presented on the Northern Region CHIR project. This project involves Kalkaska, Manistee, Wexford and Missaukee Counties of DHD #10 along with some counties in the region of the Northern Michigan Public Health Alliance.</p> <p>The State Innovation Model (SIM) focuses on the development and testing of multi-payer health care payment and service delivery models in order to achieve better care coordination, lower costs, and improved health outcomes for Michiganders. The Michigan Department of Health and Human Services (MDHHS) is implementing this initiative based upon the Blueprint for Health Innovation, which is a strategic plan that was developed in partnership with Michigan stakeholders. MDHHS has received a \$70 million grant from the U.S. Department of Health and Human</p>	<p>Please contact Sarah at soleniczak@dhd10.org for a copy of the presentation.</p>

<p>Services to develop and test the models that were outlined in the Blueprint for Health Innovation over the next four years. MDHHS will work with community partners and stakeholders to develop and test these models in the following five pilot regions in Michigan: Jackson County; Muskegon County; Genesee County; Northern Region; and the Washtenaw and Livingston counties area.</p> <p>The Northern Region focused on completing an assessment of emergency department utilization and findings and recommendations were provided to the State. This project will now focus on assessing patients with chronic disease for the social determinants of health and factors that may impact the ability to maintain good health. This project will be creating 3 hubs which will have resource guides to refer clients that may need assistance with housing, employment, social services, personal safety, etc.</p>	
<p><u>Workplan updates</u></p> <p>Donna reviewed a document that showed the alignment between CHNA results and issues identified in communities with focus areas that the NMCDPC is addressing. This document was sent to everyone along with the action Plan. The CHNA results demonstrated that social determinants of health and health disparities are issues that are important to address to create healthier communities.</p>	
<p><u>PSE Change Task Force – Sally Mellema</u></p> <p>Proposals were approved for the following counties</p> <ul style="list-style-type: none"> • Oceana- \$1500 Hart Farmer’s Market and \$1254 New Era Farmer’s Market- marketing, signage and tokens for Senior Power of Produce program. \$946 for Village of Walkerville- park improvements • Newaygo-\$5,000 CATCH program equipment (ninja blender, lunchroom signage) and tobacco lung models for Breathe Well. Limited scholarships are available. 	<p>The next Meeting of the Tobacco Task Force will be on July 24 at 1 p.m. at the Wexford PHO office. Call in will be available.</p> <p>Link to Registration materials for the TTS Training: https://www.dhd10.org/healthcare-providers/tobacco-treatment-specialist-training/</p>
<p><u>Member Updates</u></p> <p>Andrea Cassell – ACS Speakers from the ACS could speak about legislative issues for the Chronic Disease Summit.</p> <p>Gail Bullard – FSU Gail reported that there was a good turnout for “Understanding Healthcare reform lecture series at FSU in March. DHD #10 presented on the Mecosta County Community Health Needs Assessment results.</p>	

Kim Benz – Munson Health Care Cadillac

Kim reported that Munson Healthcare Cadillac has identified obesity prevention and reduction as a priority focus area in the Community Health Improvement Plan. The hospital is working on an Obesity Prevention Action Plan.

Susan Affholter – Northwest Michigan Chronic Disease Coordinating Network

Susan suggested that the conference include a panel discussion regarding how to sustain community gardens. Many community gardens do not have someone managing them and fall into disuse.

Beth Langenburg – Spectrum Health Big Rapids

Spectrum Health is working with the Big Rapids farmers market and will be providing education at the market. The hospital is having staff trained in the Diabetes Prevention Program and is sending staff to the Tobacco Treatment Specialist Training.

Fathima Wakeel – Ferris State University

The first class of Public Health students will be graduating from FSU in May.

Donna Norkoli – DHD #10

Newsletter articles for the June NMCDPC Newsletter are due to Erin Barrett by June 16.

ebarrett@dhd10.org

Next meeting date: June 2, 2017 from 10 – 12 at Ferris State University.
