Northwest Michigan Chronic Disease Prevention Coalition

Chronic Disease Coordinating Network

Purpose:

The purpose of the NWMCDPC is to provide leadership and direction in developing and implementing the Chronic disease coordinating Network Action Plan through three inter-connected Task force groups:

- Policy, Systems, and Environmental Change Task Force
- Tobacco Use Prevention and Cessation Community/Clinical Linkages task force
- Diabetes Prevention and Management Community/Clinical Linkages task force

The focus of the NMCDPC is prevention of obesity, cardiovascular disease, cancer, and diabetes.

Roles and Responsibilities:

- Promote and assist with implementation of the NMCDPC Action Plan
- Participate in Task Force groups to further implementation of chronic disease prevention strategies in the region
- As members of the CDCN, act as links to the local coalitions and other agencies in the communities that are working on chronic disease prevention.

Attributes of NMCDPC Members:

- Leadership role in a health department, hospital, federally-qualified health center, state-wide organization for chronic disease prevention, or other organization that serves clients at-risk of developing cardiovascular disease, cancer or diabetes.
- Visionary, Motivator, Communicator, and Goal/Action-oriented
- Readiness to collaborate to create collective impact in the region
- Willingness and flexibility to attend NMCDPC meetings or send a representative
- Commitment to implement strategies included in the Action Plan to prevent chronic disease in our region
